**Subject:** [External] Pipeline Permits

**CAUTION:** External email. Do not click links or open attachments unless verified. Send all suspicious email as an attachment to report.spam@nc.gov.

Dear Mr. Tarr - as a Wilmington voter who moved to North Carolina because of its environment, I urge Governor Cooper to hold Duke Energy and the Atlantic Coast Pipeline developers accountable. Please do not give them a blank check to run roughshod over the citizens of North Carolina in the name of "more jobs and more gas for South Carolina." We need to hold the 3 additional public hearings already mandated before any permits are issued. The full review of the environmental impact on the water and lands along the route of the pipeline has not been completed. Please put the interests and health of the citizens before the profits of the utility companies. DO NOT ISSUE ANY PERMITS UNTIL ALL REVIEWS HAVE BEEN COMPLETED AND EVALUATED. Thank you.
